Notification of your Tax Withholding Options on Distributions from your IRA.

Federal Tax Withholding: IRS regulations require Robinhood to withhold federal income tax at the default rate of 10% from your IRA distribution (excluding Roth IRAs). You can choose to have a different election by entering a rate between 0% and 100% while requesting a distribution via the Robinhood app or robinhood.com. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions. Federal income tax will not be withheld from distributions from a Roth IRA unless you elect to have such tax withheld while requesting a distribution via the Robinhood app or robinhood.com. If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. You may change your withholding election for each distribution you request. You may use these tables to help you select the appropriate withholding rate for distributions. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. Please contact your tax advisor for assistance.

State Tax Withholding: If federal income tax is withheld from your distribution, state income taxes may also be withheld. Your state of residence will determine your state income tax withholding requirements, if any. Please refer to the list below. Your state of residence is determined by your legal address of record provided for your IRA. The information provided is general in nature and should not be considered legal or tax advice. Please contact your tax advisor or state taxing authority for assistance.

For residents of AR, CA, DE, IA, KS, MA, ME, NC, NE, OK, OR and VT: If federal income tax is withheld, state income tax of at least your state's minimum requirements must be withheld in addition to federal income tax withholding at the time of your distribution. If you elect out of federal income tax withholding, state income tax will not be withheld unless you indicate otherwise.

For residents of DC: If you take a distribution of your entire account balance and do not directly roll that amount over to another eligible retirement account, the District of Columbia requires that a minimum amount be withheld from the taxable portion of the distribution, whether or not federal income tax is withheld.

For residents of MO: If you take a distribution of your entire account balance and do not directly roll that amount over to another eligible retirement account, the state of Missouri requires that a minimum amount be withheld from the taxable portion of the distribution, whether or not federal income tax is withheld, unless you elect to not have state income taxes withheld.

For residents of MS: For early distributions state income tax of at least your state's minimum requirements must be withheld regardless of whether or not federal income tax is withheld.

For residents of CT, MI and MN: State income tax applies regardless of whether or not federal income tax withholding is applied to your distribution. Tax withholding is not required if you meet certain state requirements governing pension and retirement benefits. Please reference the CT W-4P, MI W-4P, or W-4MNP Form for additional information about calculating the amount to withhold from your distributions.

For residents of AK, AZ, FL, HI, NH, NV, SD, TN, TX, WA, and WY: State income tax withholding is not available on your IRA distributions.

For residents of all other states: You are not subject to mandatory state income tax withholding; however, you may elect voluntary state income tax withholding in a percentage. If you elect to have state income taxes withheld and your state provides a minimum amount or percentage for withholding, you must elect a percentage that is not less than your state's minimum withholding requirements. If the percentage you elect for withholding is less than your state's minimum withholding requirements, your state's minimum amount or percentage will be withheld. For more information, contact a tax advisor or your state taxing authority

Important Information

If this is a margin account and we maintain a special miscellaneous account for you, this is a combined statement of your general account and special miscellaneous account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the special miscellaneous account as required by Regulation T is available for your inspection at your request.

The per annum rate of interest charged on debit balances in your account may change from time to time in accordance with fluctuations in interest rates. Interest is computed from the 1st day of the month to the last day of the month. The interest is based on the average daily balance in your account with us, and for the actual number of days based on an interest year of 360 days.

This statement includes dividend and interest amounts credited to your account on securities held for you in our name. While this statement should be retained for income tax purposes, it is not a substitute for IRS Form 1099. Amounts reported on your 1099 may be different than what is reported here. Therefore, only information on Forms 1099 should be used for tax reporting.

Information relative to regulatory trading/transaction fees and any other charges incurred in connection with equity or listed option transactions occurring during the month has previously been furnished to you in confirmation of such transactions. A summary of the information will be made available to you promptly upon request. Exercise assignment notices for option contracts are allocated among customer short positions pursuant to a manual procedure which randomly selects from amongst all customer short option positions including those contracts which are subject to exercise. All short American style option positions are liable for assignment at any time whereas European style options are assigned at expiration. A more detailed description of our random allocation procedure is available upon request.

You are to promptly advise Robinhood of any material changes concerning your investment objectives or financial situation by updating your information using the Robinhood platform or by contacting help@robinhood.com. We will consider the information currently appearing on your investor profile as the most current, complete, and accurate information. If you are a RAM customer, you must promptly advise of material changes in your investment objectives, financial situation or if you wish to impose reasonable restrictions or modify the management of your account.

Any free credit balances represent funds payable on demand of the customer.

In case of errors or questions about your electronic transfers, including your debit card transactions, or if you think your statement or receipt is wrong or if you need more information about a transaction listed on the statement or receipt, email Robinhood at help@robinhood.com.
